Dear Andrew:

I would like to take this opportunity to thank you for a wonderful lighting upgrade done here at Fortune Plastics, Inc. From the beginning design stages of the project, to the finishing touches, everything has been done professionally. All work was done quickly, and efficiently, with no disruption of our production at any time.

The attention to detail and cleanliness of your staff made it a pleasure to have done business with your company. There have been only positive remarks since the completion of the project, and I would recommend ESCO Energy Services to any company looking into energy reduction projects.

Regards,
